EXPERIENCE

Internal Consultant - Financial Transformation & Data / BI, SNAgz

05/2025 – Present
Paris, FR

- P&L Automation: Built 90% automated P&L connecting CEGID, HR, ERP → **Reduced reporting from 11 to 2 days/month**, identified **2 unprofitable divisions**.
- Pricing Tool: Developed cost/pricing tool with AI (Cursor, Perplexity) → Improved **margin control**, identified **loss-making contracts**.
- EPM Dashboards: Deployed Power BI for revenue, forecasting, costs → Enabled **weekly KPI reviews, proactive decisions**.
- Cost Reduction: Led workshops, recommended hiring freeze, vendor consolidation (30% reduction) → Stabilized finances, **projected savings over 12-24 months**.

Impact: Transformed finance into **automated, data-driven service delivering measurable ROI**. Enabled decision-makers to understand financial dynamics and **make informed decisions** for short, mid, and long-term strategy.

Management Controller - Data & Performance, ANEF03-63

09/2021 – 05/2025
Clermont Ferrand, FR

- Cost controlling: personnel/operational expenses, annual budgets, consolidation.
- Built weekly cash flow dashboards (Excel) for executive leadership.
- Contributed to ERP database setup (DIR-IPS).
